

CURRICULUM VITAE Professor Dr. Klaus JURKSCHAT

Date and Place of Birth: 04. 09. 1952, Gransee, Germany

Nationality: German

Academic Qualifications

Diploma (1975): Martin Luther University, Halle-Wittenberg, Germany

Dissertation (Dr. rer. nat., 1980): Martin Luther University, Halle-Wittenberg, Germany

Habilitation (Dr. rer. nat. habil, 1987): Martin Luther University, Halle-Wittenberg, Germany

Appointments

Chair of Inorganic Chemistry, University of Dortmund (since 1994)

Senior Assistant, Martin Luther University, Halle-Wittenberg (1980 - 1991)

Research Fellow, Martin Luther University, Halle-Wittenberg (1975 - 1980)

Administration

Dean of the Chemistry Department at TU Dortmund (2002 – 2005)

Vice Dean for Student Affairs at TU Dortmund (2006 – 2009)

Local head of the *Gesellschaft Deutscher Chemiker* (GDCh) in Dortmund

International Research Fellowships

Visiting Professor Universite Rennes 1, France (August 2012, with Prof. *V. Jouikov*)

Visiting Professor, Laboratoire de Chimie Organique et Organométallique, Université Bordeaux 1, Bordeaux, France (May-June 2000, with Prof. *B. Jousseume*)

Visiting Academic, Department of Chemistry, Deakin University Geelong, Victoria, Australia (1991 – 1993, with Prof. *D. Dakternieks*)

Visiting Academic, Department of Chemistry, State University of New York at Albany, USA (February - August 1988, with Prof. *H.G. Kuivila*)

Visiting Academic, Chemistry Department, Free University Brussels, Belgium (January - March 1985, with Prof. *M. Gielen*, Prof. *R. Willem*)

Research Fellow, Chemistry Department, Free University Brussels, Belgium (January - April 1982, with Prof. *M. Gielen*, Prof. *R. Willem*)

Postdoctoral Research Fellow, Centre d'Étude Nucléaire de Grenoble, France (March - July 1980, with Prof. *J. B. Robert*)

Awards

"Friedrich Wöhler Award" of the Chemical Society of the former German Democratic Republic (1990)

Editorial

Organometallics (2006-2009)

Phosphorus, Silicon, Sulphur and Related Elements,

Applied Organometallic Chemistry (until 2007),

ChemistryOpen (since 2017)

Editor-in-Chief of Main Group Metal Chemistry (since 2011)

Advisory Boards

International Advisory Board for the *International Conferences of the Coordination and Organometallic Chemistry of Ge, Sn, and Pb* since 1998.

Publications

The current academic record includes over 300 peer-reviewed publications with two review articles and two book chapters, and 12 patents. Current h-index = 38.
